MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Selection of Candidates for the Advanced Management Program at Harvard University

1. At its meeting on 29 April 1954, the CIA Career Service Board considered five nominations for the Advanced Management Program at the Graduate School of Business Administration, Harvard University. The Board, all members being present, reviewed the benefits that would accrue to the Agency through having a selected representative attend this program and considered the qualifications of the nominees.

2. Harvard University has established no quota of attendance for the Central Intelligence Agency. There is the possibility that more than one representative could be sent to the Advanced Management Program. This can only be determined by negotiation with Harvard University after the names and qualifications of the proposed representatives are known. The Board requested the Director of Training to conduct this negotiation, subject to your approval of the names of the candidates.

3. The Board agreed unanimously to recommend to you that [redacted] Special Assistant to the Deputy Director (Administration), be selected to represent the Agency at this session of the Advanced Management Program. It also agreed to recommend to you that if a second representative can be sent, [redacted], Chief, Economic Defense Division, ORR, be selected.

4. Attached for your information is the background material on the two persons selected.
